Officers of the Month Award

Chief's Message

As Fall is upon us and we move into the Holidays, let us remember to give thanks for everything that we have. The Sunrise Police Department continues to be the premier police department of South Florida. We are the best equipped, the best trained, the best paid and have the best employees, making this department a great place to work. I recognize that the support of the Mayor, the City Commission and the City Manager have combined to create a positive work environment. Please remember those less fortunate than ourselves. Be safe and "Thank You" for all you do!

John E. Brooks
Chief of Police

Congratulations
Officer Jeremy Copas

July 2013

Congratulations
Detective Luis Fernandez and Detective Chris Piper

August 2013

Congratulations

| - Paul Hormann | - Amy Hay |
| - Barbara Tabler | - Dreama Richland |
| - Faith Hevlow | - Georgia Montano |

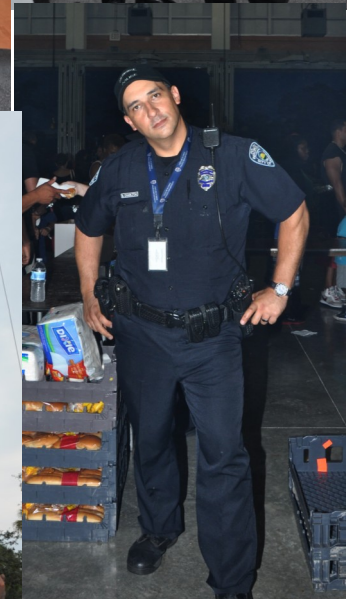

The Department's SWAT Team continues to enhance its response capabilities through the acquisition of state-of-the-art equipment and training. The Department was able to purchase (28) Sarkar Advanced Combat Helmets (ACH) through the Urban Areas Security Initiative (UASI) grant program. The helmet is based on the performance requirements of the U.S. Army for ballistics, impact, retention and other protective upgrades. The (ACH) helmet was upgraded with an ARC Kit (Accessory Rail Connector). It is designed to allow SWAT operators the option of mounting a variety of mission-specific accessories to their helmets, including lights, cameras and other protective posture equipment. Each SWAT operator will have

the capability to attach an ITT PINNACLE Auto-gated PVS-14 night vision monocular. The same unit is currently issued to U.S. Special Operation Forces across the globe, the ITT PVS-14 uses PINNACLE image intensifier technology; the latest development in state-of-the-art, tactical night vision equipment.

"PROFESSIONAL LAW ENFORCEMENT"

National Night Out Highlights

Ayden Jolicoeur

Help Us Find A Cure for Ayden

Volunteers

On the morning of September 28th 2013, the Fraternal Order of Police Lodge 80 and the Sunrise Police Department organized a scramble golf tournament to benefit Ayden Jolicoeur who has been stricken with a rare form of cancer and happens to be the son of Sunrise Police Officer, Jason Jolicoeur.

With 90 players and family in attendance, the Sunrise Community really came forward. Resident's, businesses, and co-workers were all in attendance and successfully raised \$7,500 to donate to Ayden and his family. Mother nature even shined on the cause bringing great weather for the golfer on the course.

For more information on Ayden's story and how to donate please visit www.cure4ayden.com. Real-time updates can also be found on [facebook.com/cureforayden](https://www.facebook.com/cureforayden).

Tournament Winners
